## Ambienti da bagno unici

*Unique bathroom environments*

Design, raffinatezza, artigianalità. La bellezza del design incontra materiali preziosi e innovativi e la sapienza del made in Italy si esprime attraverso l'opera accurata di artigiani e tecnici specializzati: solo così uno spazio funzionale diventa una stanza da bagno Altamarea.

Design, refinement, craftsmanship. The beauty of the design meets precious and innovative materials and the wisdom of the made in Italy is expressed through the careful work of craftsmen and skilled technicians. Only in this way a functional space becomes a bathroom Altamarea.

## Stile made in Italy

*Style made in Italy*

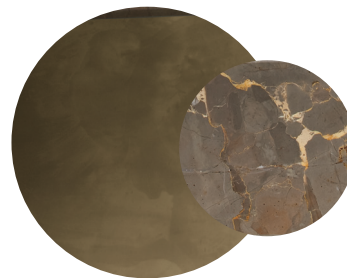

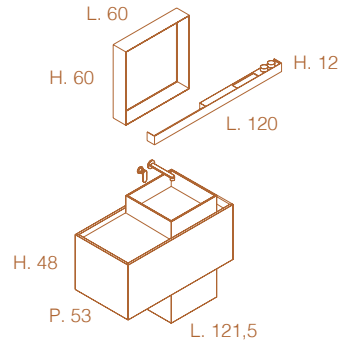

Il lusso eclettico di arredi esclusivi e riconoscibili, la bellezza di un design puro ed essenziale di derivazione nordica, il fascino di sofisticati dettagli couture. Sono tre le aree di stile da cui prendono ispirazione tutte le collezioni di Altamarea, proposte che danno forma a un'eleganza contemporanea attraverso l'uso di materiali naturali o di ricerca e che si prestano ad ogni personalizzazione.

The eclectic luxury of exclusive and recognizable furniture, the beauty of a pure and essential design of Nordic derivation, the charm of sophisticated couture details. There are three style areas from which all the Altamarea collections are inspired, proposals that shape contemporary elegance through the use of natural materials and research and that lend themselves to any customization.
